EIGHT PRAYER MEETINGS FOR THIS EVENING

A series of prayer meetings in preparation for the coming of Honolulu of John E. Brown and C. P. Curry, the noted evangelists, will be held in Honolulu this evening and should be well attended, judging from the success of past meetings. The evangelists are scheduled to arrive here on November 30, and the first service will be held that night in Central Union church.

Following are the meetings scheduled for tonight:

Downtown district—At Metropolitan hotel, 1150 Alakea street, Mrs. W. L. Bowers, leader.

Waikiki district—At Manoa Tennis Club rooms, Chris Beatty, leader.

Punahoa district—At home of W. J. Forbes, Mrs. J. M. Whitney, leader.

Manoa district—At residence of Paul Super, Rev. Norman C. Schenck, leader.

Kewala district—At home of J. T. Warren, W. A. Bowen, leader.

Victoria street district—At home of Theodore Richards, Mrs. D. L. Withington, leader.

Nuuanu district—At home of Mrs. Elizabeth Waterhouse, C. H. Dickey, leader.

Alewa Heights—At home of Richard H. Trent, Ray H. Leach, leader.

**OTIS ELEVATOR BID WINS
WORK AT PEARL HARBOR**

The contract for furnishing the big pneumatic freight elevators which are to be installed by the navy department at Pearl Harbor has been awarded at Washington, D. C., to the Otis Elevator Company, their figure being \$4876. The bids were originally opened August 28, but supplemental bids, on which the award was made, were opened October 12.

The Peppercill Mfg. Co.'s plant at Biddeford, Me., was destroyed by fire at a loss of \$350,000.

WATCH SORE THROATS

because swollen glands or inflamed membranes often affect other tissues and lung trouble easily follows.

As Nature's corrector of throat troubles the pure cod liver oil in Scott's Emulsion is speedily converted into germ-resisting tissue; its tested glycerine is curative and healing, while this wholesome emulsion relieves the trouble and rebuilds the forces to resist tubercular germs and avert the weakening influence which usually follows.

If any member of your family has a tender throat, get a bottle of Scott's Emulsion-to-day. Physicians prescribe it to avert throat troubles, overcome bronchial disorders and strengthen the lungs. No alcohol or harmful drugs. Always insist on Scott's.

DRINK CRAZED PORTO RICAN WIELDS KNIFE

HILLO, Hawaii, Nov. 19.—There was a very exciting and dangerous time out at Paauhau on Saturday last when a Porto Rican, Manuel Rodriguez, ran amuck with a knife and slashed three men before he was overpowered by a police officer and lodged in jail. The man was crazed with booze and acted as if absolutely insane and regardless of human life. Three men are in a bad way through the use of the Porto Rican's knife and one of the men had a very narrow escape from bleeding to death.

The trouble started when a lot of men were mopping up a few gallons of "Dazo red," reinforced so as to make a "Hilo cocktail," which is said to be something that acts quicker than any other brand of booze and which, it is also claimed makes a man ready and fit to rob his own trunk.

A dispute began about some absurd matter that nobody remembers anything about now. The row was kept up until Rodriguez decided that he would take a hand and run amuck. Gasping a pocketknife the drink maddened man started to run through the crowd, slashing anyone he could reach. The first man he met on the road was Manuel Raposo and the resulting cut from the knife was a horrible one, the marks of which Raposo will carry to his grave. The knife entered the man's face on the forehead above the left eye and was drawn down across the forehead just a trifle above the right eye, below the ear and almost to the man's jugular vein. Blood squirted out and the wounded man screamed in his agony. Rodriguez yelled out something and started for Joe Teves, Jr., who was in front of him. Joe got a slash on the hand that will take some healing and he decided that it was time to beat it. Then Rodriguez chased another man down the road and struck his knife into his back.

By this time the whole village was aroused and a telephone message was sent to the police. An officer arrived later and, after a struggle, arrested the knife-wielder and took him to Honolulu, where he was lodged in jail. Rodriguez will appear in court in the course of a few days to answer three charges of assault with a deadly weapon.

**PRISONERS GIVE BATON
OF KOA TO BAND HEAD**

When Bandmaster Kalani leads the band hereafter he will beat time with a beautiful koa baton—the gift of prisoners at the territorial prison. The baton is finely carved and highly polished, and is the work of one of the men in the prison. It was presented to Mr. Kalani on Saturday afternoon when the band played at the penitentiary, as a token of appreciation for the musical treat. One of the prisoners made the presentation speech.

**STANFORD CO-EDS TO
BUY NEW ROWING BARGE**

The Women's Athletic Association of Stanford has appointed a committee to investigate prices for a rowing barge. The Stanford co-eds will likely be seen soon in barge rowing, instead of in the double skiffs that they have rowed hitherto. The new craft will be launched on Lake Lagunita, if it is purchased.

**M'KINLEY HIGH
STUDENTS HEAR
OF BIG CONTEST**

Students at McKinley High school this morning listened with great interest to an address made by Dr. S. D. Barnes, president of the Sons of the American Revolution, who explained to them the terms and conditions of the prize essay contest. Prizes will be awarded on Washington's Birthday, during the Carnival next February, eight being open to competition to high school students, and eight to non-high school young people of the city and territory.

All essays entered in the competition must be on the subject "The True American Citizen."

**CREPE SCARF WITH TAPA
DESIGN TO BE GIVEN TO
BRIDE OF PRESIDENT**

Hawaii's wedding gift to the President's bride, a unique scarf of Georgette crepe containing designs of ancient Hawaiian tapas, has been chosen by Queen Liliuokalani and will be presented through the Daughters of Hawaii.

The use of tapa designs for children is something entirely new, and is the idea of Miss Jessie Shaw of 2250 Oahu avenue, recently returned after taking an art course on the mainland.

Delegate J. K. Kalaniana'ole, if present, will present the gift, but it is doubtful if he will reach Washington in time. In case he does not it will be rendered by Princess Kawananakoa, who is now residing at the capital. A letter signed by members of the daughters of Hawaii will accompany the gift.

RID STOMACH OF GASES, SOURNESS, AND INDIGESTION

**"Pape's Diapepsin" Ends All
Stomach Distress in Five
Minutes**

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it—Adv.

CURRAN CASE UP AGAIN

The second trial of James Curran, alleged to be an organizer for the Structural Ironworkers' Union, on a charge of assault and battery on one James Terry, an ironworker, was begun in Circuit Judge Ashford's court today, and probably will last three days. The first trial resulted in a disagreement by the jury. First Deputy City Attorney Crispy is conducting the case for the prosecution. Attorney J. W. Cathcart has been retained by the defense.

**RAINS HINDER
PATCHING WORK
ON CITY STREETS**

"Make hay while the sun shines," that old proverb of the farmer, has nothing whatever on the street patcher in Honolulu, according to Engineer L. M. Whitehouse, who says that the present intermittent showers cause him trouble enough to turn his hair gray.

Asphalt patching refuses to be a success when a barrel or two of water has been mixed in with it, so that the patching gang has the tiresome task of keeping an eye on the weather; holding back when a shower starts, and working like beavers when the sun is out again.

Starting this morning in front of the palace on King street the patching gang is taking up the work of putting several pieces of road into better shape.

Proceeding down King to Punahoa, the gang will turn mauka, skipping Punahoa up to Beretania, then out Beretania to McCully. It will jump a good piece of road that extends to the big culvert beyond Moiliili and take up work again on Waiialea road, extending on to Liliuokalani school.

**J. W. THOMPSON
MAY RETURN TO
CITY TOMORROW**

"Yes, sir, I'm coming back to Honolulu. I'm just going away for a little trip."

This, in substance, is what former Assistant District Attorney J. Wesley Thompson—now plain Attorney Thompson—told a friend just before

he left Honolulu for the coast more than a month ago.

And Mr. Thompson's word is good. He is coming back. He is scheduled to arrive in the steamer *Wilhelmina* tomorrow.

The information that Mr. Thompson is returning was received in a letter by R. P. Quarles, associate justice of the supreme court, from the attorney.

"I do not know whether Mr. Thompson's wife is coming with him or not," said Judge Quarles today. "The letter simply said that Mr. Thompson would leave San Francisco in the *Wilhelmina*."

Following his resignation, Mr. Thompson entered law practice in Honolulu and, a few weeks later, left for the coast. It is believed that he returned to his former home in Nash-

ville, Tennessee, where Mrs. Thompson was visiting with relatives.

**CAPTAIN BELL GIVES
SCOUTMASTERS DRILL**

Twenty-eight scoutmasters of the Boy Scouts were scholars of Capt. James E. Bell, 2d Infantry, Fort Shafter, at a soldier's school at the armory Saturday afternoon. The scoutmasters were taught some of the duties of a soldier and were drilled by Capt. Bell.

The class is to be a regular institution and scoutmasters will meet at the armory every Saturday afternoon, with Capt. Bell as teacher. Next Saturday the instruction will be as to the duties of an officer.

Can't Afford

**to put yourself in range
of point blank danger.**

Many people are the Bull's Eye for daily shots of the coffee drug, "caffeine," that strikes home in wrecked nerves, upset stomach, and weak heart.

Some think coffee don't hurt, but repeated shots from the drug is pretty sure to batter down the most rugged health in time.

**If Coffee
Is Firing at You**

Better quit and get back to steady health by using

POSTUM

This Food-Drink is meeting popular favor with thousands of former coffee drinkers.

Postum has the rich, seal-brown color and a flavor quite like Java, but is positively free from the coffee drug, "caffeine," or any other harmful factor.

Sold by grocers everywhere.

"There's a Reason" for POSTUM
